2:19 P.M. - 3:14 P.M.

“naming no longer means ownership
naming as piracy”

-CLAIRE BROWN

(Tape 181)

GEORGE: Hello?

STEVE: Hello, George?

GEORGE: Yeah. Steve

STEVE: Okay. David's right here

GEORGE: Okay. Good

(Pause)

DAVID: Hello.

GEORGE: David?

DAVID: Um-hum.

GEORGE: How are you?

DAVID: Very, very tired.

GEORGE: You're not the only one.

DAVID: What can we do for you, George?

GEORGE: Well, I got a couple things that we

can star out with. Do you -- **have you**
heard

of a guy named DeGuerin, a
lawyer?

DAVID: No. No, I haven't.

DeGuerin, I

don't, I don't know anybody by that name.

GEORGE: He is **a** pretty prominent guy in this area and, and out of, actually out of the Houston area.

And our understanding is that he is very interested in

talking to you privately in regards to legal representation. That's **a** kind of **a**

telephone **call** that we would be willing to, to arrange

for you and he to talk so that you can get **a** kind of **a**

feel for, for where your legal options, possibilities are. So I'd like you to think about that. How does that --

DAVID: Well --

GEORGE: -- how does that strike you off, off the bat?

DAVID: **Well**, it's --

GEORGE: Obviously he'd have to be somebody

that, that you would trust and, and

understand that
that's a private conversation
between you and he.

DAVID: Who is -- let's see here.

My mother

had, mother had hired an
attorney if I'm not mistaken.

What, what was his name, do
you know?

GEORGE: That's, that's the
same guy.

DAVID: Oh, it is.

GEORGE: Yes.

DAVID: Okay. Okay, well, I
mean you know --

GEORGE: I'm not from this, this

part, but
they **tell** me he's a very prominent attorney
in this, in
this part of the country.

DAVID: Yeah. I'm, I'm willing -- I'll talk
to anybody, you know. It's --

GEORGE: Okay, **well**, we can, we can try to
arrange that. What's the, what's the best time to
do

that? Do you feel better at any particular time of
the
day or to be up for something like that?

DAVID: Well, we just did this tape. And I
don't know. For **some** reason it's kind of
like to, you

know, if I have to -- talking seems to be,
I don't

know, **an** energetic thing or something right
now for
some reason.

GEORGE: Taking some energy from you you
mean?

DAVID: Yeah, no. It's just like I've got --
/ don't know, just no go. I mean I, I mean
I'm very,
I'm coherent. I can -- I hear all the noise.
(Laughing.) And you know, no, no one here
doesn't.

GEORGE: Hard not to.

DAVID: / don't know. I just kind of like /
need some iron or something. I don't know.

GEORGE: You need **some** what?

DAVID: Some iron or something I guess. /
don't know.

GEORGE: You mean as a --

DAVID: The --

GEORGE: -- a vitamin iron you mean?

DAVID: Yeah, I guess. I don't --
you know,
/ lost over 3, over 3, maybe 3-1/2 pints of
blood. And
so we have **been** trying to -- oh, boy,
there's a new
one. Video arcadia (sic). What was I talking
about?

Let's see.

GEORGE: You were talking about **some** iron.

DAVID: Yeah. Yeah, we was talking about some iron and we was trying to build **it** up with, you

know, the vegetables and stuff. Because most all the

vegetables rotted. Electricity went out, you know.

That stuff has rotted.

GEORGE: Is that, **is** that woun'd getting worst?

DAVID: Well, the front the, the scab fell off of the back. I don't know if the back got kind of

tender or something. It's, it's -- I don't know.

It's -- I guess it's just kind of hoochie (sic) or something, you know. We've been putting peroxide and

stuff on it. It's -- I don't know. Just feel, just feel like, you know, I **want** to go to sleep.

GEORGE: Well, except that's not going to make anything better.

DAVID: I'm sorry. What? I didn't understand **what** you were --

GEORGE: I, I don't *think* -- I *think* kind of trying to resolve the way you feel and, and getting some help for, or whatever **is** the better way to, to **think** about *this* rather than, than kind of drifting off

into sleep. It's not -- things aren't going to get better if you do that, David.

DAVID: Oh, I know it.

GEORGE: We got to, we got to, you know, put out a little energy now and you may feel, feel better later on if in terms of resolving something.

DAVID: Like I said, I've been trying to keep away from the people here.

GEORGE: Why?

DAVID: So they can have **a** chance to look back over the last few years and see if what I've been

teaching them is true.

GEORGE: Well --

DAVID: You know, I know where I'm coming

from. I know where I've come from. I know what my

foundation is. And you know, we've tried to offer in

every respect two different ways to show our, our

genuineness. You know, we, we sent, we sent people

out. You know, and every time the things seem to be

communicative in a proper and fair manner, all of a

sudden, you know, these generals or whatever have been

doing all these harangues (sic). And it just

doesn't, just doesn't make the people feel that trustworthy in regards to the position that you all are coming from.

And so they have two options. They, they trust in God. And they would love to trust in God and

the nation God's blessed, but it just seems like the

nation **is** losing its credibility.

GEORGE: Yeah, but what --

DAVID: And --

GEORGE= -- what's the alternative? I mean

this is the only country we have.

It's the only system

we have.

DAVID: well, in the *light* of, in the light of the **seals** which, you know, John Cox and people don't

want to **hear** about. So I guess *I* should be quiet about

that.

GEORGE: That's probably, that's probably best at this *point*. Because it's, it's, you know, you're going to go over stuff that's been gone over before and hasn't, hasn't led to anything positive.

And if -- what we need to do now about is think about positive things. And, and no one, no one is here -- your beliefs and the beliefs of those people in there

are not going to change once you come out.

That's, that's going to remain constant.

DAVID: Well --

GEORGE: All you're, all you're doing now is, **is** facing up to what, what the legal system requires. And that's why --

DAVID: **Well** --

GEORGE: -- that's why probably talking to the lawyer is the next logical step toward, toward

resolving that part of the problem. You got -- you know, we're not, we're not interested in -- it's not that we're not interested. But we don't have the --

we're not in the jurisdiction of the, of the religious beliefs. We're in the jurisdiction of dealing in the real world.

DAVID: Like I told them, I said my religious beliefs is **a** political matter. And it **is** a real world.

And that's --

GEORGE: Well, well, how do you/address that then? You got to, you got to get in the only system you're in. There is --

DAVID: Well --

GEORGE: -- no other way to do that.

DAVID: That's, that's again like I **say YOUR** statements are many and broad and diversified. But my

statement stays consistent. I've been told to wait.

And I'm waiting. And don't think that there's not a

day³ that doesn't pass by that I wouldn't like to crawl

out of this bed, and sometimes **a** good night's sleep in

general seems pretty tempting, you know.

I've been **a** good citizen in **this** nation for 33 years. You can check my record. You can check the

record of just about everybody that's come out of here.

And this stuff about methamphetamines. You

all guys, you all really are sick.

Absolutely sick.

You know, all my life I have been

against drugs, pot,
dope. It's just vulgar. Of any insult that
you all
could have insulted me with that -- if, if you
could
have said anything that could have gotten my
gills you

could have -- **that associating me
to unreal carnal
drugs, stimulants.**

I tell you **what.** I, I may
drink *a* Coca-Cola

every once *in a* while or maybe a Dr. Pepper
and that's
about, that, that is the farthest I get to any kind
of
pick-me-up. I don't even drink coffee. You
know.

Maybe smoke *a* cigarette, you know.

GEORGE: Well, here **again** --

DAVID: And that's -- and you know. If there's any, any complaint I have about anything else

said **that**, that **thing** about methamphetamines that's, that's sick.

GEORGE: Well, maybe, maybe your complaints

is valid. And that -- maybe that's the kind of

thing --

DAVID: Alt's sick.

GEORGE: -- you need to talk to the lawyer **about**. And if it's not **a** -- if it's not serious **as** a consideration then let's drop it and go forward. If it was, if it was **a** mistake to make that accusation it was

a mistake.

DAVID: And then, and then they, they said the helicopters caught this -- oh, my God. I mean the, the lies -- why, why brothers do you all have to, to

tell people in the world things like that?
I mean you know, the, the first **is** bad
enough, you know. Just to tell them we're **a** cult
and

that we're not stable in our minds that's,

that's good

enough. People will believe
you just by saying that.

But talking about child abuse
and talking about drugs.

I mean get, get real. You

can't, you can't have the

kind of children that I have

and be doing drugs.

You can't, you can't **have** the kind of
people -- our girls, our women don't even
expose their,

their - they wear long shirts over their, their pants.

We, we don't exploit ourselves. We, we don't, we don't make up. We don't wear tons of jewelry. You know, people, people know **us** in this town. And, and you know, you look **in** people's eyes.

Look *in* **their** eyes. You know, **take** a blood **test** from, from Kevin or Brad or them. See what kind of drugs they've got. '-

Now it's true, you know. **Kevin is** a brother that I mean -- excuse me. Brad's a brother that, you know, used to **be an** alcoholic. **I**, I pulled a lot of **these** people out of bars and out of the wild life, you know?

GEORGE: Well, maybe that's where some of

that information comes from then. I, I don't know personally. And I don't, I don't think it's worthwhile for us to kind of go over that. That's -- if it's, if it's not a serious real problem then, then I don't think you ought to treat **it** that way. You need to **talk**

to the lawyer, get a handle on, on what your real problems are, and then get a handle on how you're going to resolve them.

DAVID: Tell him to give us a call. I'll listen to him. I got a couple of questions for him anyway.

GEORGE: Okay.

DAVID: Regards to my mother.

GEORGE: Okay. I don't know how, how --

DAVID: And who's **this** anyway? Who am I talking with?

GEORGE: My, my **first** name is George.

DAVID: George. You know what George means,

don't you? Means farmer.

GEORGE: Farmer and -- yeah.

DAVID: Yeah, right. Yeah, we used to have a

friend named George. Yeah. Still --

GEORGE: What about.

DAVID: -- a lovely guy.

GEORGE: David, what about talking to somebody not on the phone?

DAVID: Talking to some -- I'm sorry. What did you say? I --

GEORGE: What about --

DAVID: -- I was listening between you and a bird out here crying out the window.

GEORGE: What's your feeling about, about doing a -- talking to somebody face-to-face not through

the, through the telephone **line** so you could get a

chance to --

DAVID: Tell them to come on in.

GEORGE: Well, we, we don't --

DAVID: We got, we got --

GEORGE: -- we're not -- **we** can't come in.

It would have to be in some, some kind of a

--

DAVID: Well, you guys can trust --

GEORGE: -- neutral spot outside.

DAVID: You know, have we, have we fired any

missiles at you yet? I mean your tanks **are** right by

the; %oors, you know. Have we put any bombs on you?

Have we hit you with any machine guns or nothing yet?

No.

You know, people come here knocking on that

door at nighttime, hollering *in* the daytime.

You know,

who is, you know. You know, yeah, we thought, we

thought they were secret agents. I mean you know, but

hey, I --

GEORGE: Well, David, that --

DAVID: -- I've allowed agents to come *in* here before anyway, you know.

GEORGE: A negotiator is not, not going to go inside. So, so if, if --

DAVID: Well, why? I mean we've come out there. We've talked to you all before. To be honest

with you, I, you know, the first, first few days or, I

don't know, how long have we been here, Steve?

(Steve's voice in background not discernible.)

Four

weeks?

GEORGE: Yeah.

DAVID: Seems like **5** days.

GEORGE: Think it, I think it's **4** weeks today.

DAVID: Oh, man. Time flies when you're

having fun. I don't know. It's just --

GEORGE: It's no, it's no fun.

DAVID: when I was talking to John Cox for a

few days there, you know, I, I felt good. I was, you

know, good -- you know, I limp. I mean I, I can't put

much weight on my left side where I was hit. But you

know. Then all of a sudden I just, I don't know. I

just - I guess, I guess the old bodu's catching up to

me or something and telling me to, you know, lay off a

bit. Let it -- I don't know what it's doing.

GEORGE: What, what have you been doing? You

been taking it easy?

DAVID: Oh, I guess. I mean in my dreams I'm doing a lot of running. In my dreams I'm doing a

lot

of activity. But I dream about birds and about helicopters and about noises --

GEORGE: Somehow I can, I can understand that.

DAVID: And I wake up and you know what? It's real.

GEORGE: Yeah.

DAVID: (Laughing.) It's real. Now we just did a video and I set up and I tried to, you know, my little babies, I tried to give a good rapport to, you know, you know, talk, talk happy, you know, and stuff to them, you know. Tell them to smile and the, the battery or something the, the battery inside of it started going haywire.

GEORGE: Yeah, we're, we're going to try to correct that, that problem. Are you -- did they -- did

you get on the video?

DAVID: No, I think my feet may be **in** it.

GEORGE: There's a, there's a thought here that, that maybe that if you can get the, the video

camera to pick up your wound, then maybe we can get a

doctor to give us some analysis about the condition.

DAVID: You all have any say antibiotic or --

GEORGE: There's, there's medical help out here.

DAVID: Well, like I said it, you know, soon as, soon as my Father tells me to get up and go I'm,

I'm out. You know. I don't plan on dying here.- I

don't -- 33 is too young to die, my friend.

GEORGE: I agree.

DAVID: You know, I'm just **a** kid. Steve, he's 43 and he's just a kid too.

Now Raymond, he's 73
and he's jumping around --
anyway. Whatever happened
to **all** the old ladies and stuff?

GEORGE: You mean the people that came
out?

Most of them are in, are in what they call
halfway
houses. They're, they're kind of loosely
supervised.

DAVID: You know, those, those ladies
aren't
involved in anything. They're --

" GEORGE: Here again that's --

DAVID: They've been --

GEORGE: The best person to probably talk to
that about probably give you, you know, the
straight

scoop on that is, is that lawyer if you want to
talk to
him.

DAVID: Yeah. Hey, could you, could you put some Joe Satriani (phonetic sp.) on the tape or something sometime?

GEORGE: (Laughing.) I'll, I'll put, I'll mark that down in the request list.

DAVID: Hey, God bless you, George.

GEORGE: What I -- another idea that I've been asked to, to explore with you is this idea of a forum with, with some religious theologians. Have,

have -- has that been raised before?

DAVID: Oh, you know, George, let me be honest with you. Please bear with me just a second. Straight across the table. I mean I love every one of you guys that talk to me, all

right? I know you don't understand where I'm coming from. I know it's hard to understand. -

But in 1985 when I came back from Israel, I came back, I started going to colleges. Started going to colleges and going to theology departments. And I started, started addressing the issues in regards to,

you know, the final book of
the Bible, the Revelation,
Rejelation of Jesus Christ.
The one that God gave to

him. And I talked to theologians --
remember Dr. --

you ever heard of Dr. Walter Martin out in
Southern

California, San Diego?

GEORGE: Can't say that I have.

DAVID: He was, he was one of the top in
the

nation, you know. He's with Frances
Schaefer phonetic

sp.! and a lot of people. You know they,
these are the

top conservatives of, you know, Baptist,
Church of

Christ, you know, the National Alliance of

Churches,
you know. Bible (indiscernible).

GEORGE: Um-hum.

DAVID: And he's, he's like Dr. Dobbs
(phonetic sp.) and a lot of guys. His, his
expertise
is cults and, you know, Satan groups. And you
know,
he, he gets people out of cults and all that kind
of
stuff. He's supposed to be pretty sharp. And we
locked horns
with him and some of his, you know, some
of his students, top students.

And it's **kind of like a baseball
game, you
know? Old Babe Ruth was
hard to beat in his day,
wasn't he? You know?**

GEORGE: Um-hum.

DAVID: And it's just like every person whether it be a rabbi or doctorate of degree or doctor of divinity or theologian. What I teach is really, George, so simple that they just can't deny the nose on **their** face. I mean you know.

And -- but the thing that's, the thing that's intimidating about what I teach, George, is that if it is true that the seven seals of Revelation are mysteries of God and for when there's time no longer to be finished, if it's true that **Christ** makes the

statement in the last chapter that he says behold, I come. My reward **is** with me. God gave him a book.

And if it's true that this mystery is finished, to **be** finished as God declared to the prophets, then you know, why they just get so upset

when I just go one after the other through the prophetic writings and just clearly lay out this message that God has ordained for men in the **latter**

days to receive to bring all these religions into unity. I **mean** there's only --

GEORGE: Who, who are you talking about getting upset?

DAVID: Oh, the, the leaders of the churches. The reason why they get upset, George, is because if

I'm teaching these **seven seals** very thoroughly, that means that I **am** Christ as the prophecy teaches.

And *like* **I've told them over** and over again,

I said, I say brothers, the
problem we have *here* is not
me showing you the seals.

The problem is, is by you
being shown *the* seals the keys of
your institutions

belong to *me*. I mean you *tell* the world *that*
you've

built this church for Christ. You *tell* the world that
you're taking *these tides* and offerings for
Christ.

And *right* now the way it is is that you can't
afford to

give up your position. Because once you
give these

institutions over to me, I'm supposed to
deliver the

goods, right? I'm supposed to teach them
for *right*
seven seals.

GEORGE: Um-hum.

DAVID: I'm going to turn these places into parks. Because the example of 2,000 years ago was meant for every generation thereafter. And there's just been too much money and too much hierarchy and too much position and too much authority given into the hands of men who don't really even know what they're talking about.

GEORGE: David, the thing you got to remember though that, that your problem with us has nothing to do with this, and you can continue to go on --

DAVID: Well --

GEORGE: -- teaching and, and talking to these people.

DAVID: George, really it, it, George, really it

does. Let me,
let me tell you how this started,
okay? ~You see, *in* 1960, the United States
of America
for the first time elected a Roman Catholic
president.

Now don't get me wrong. I respect Kennedy very
highly.

But it goes back further than that. It goes back to 1929.

GEORGE: David, are you going to get upset if

I cut you off on this?

DAVID: No, that's all right. I'm --

GEORGE: Because --

DAVID: -- I'm accustomed to that.

GEORGE: Because I think that's what's been

going on for the last 4 weeks, and we haven't
gotten

anywhere with --

DAVID: Hey, wait a minute. Yes, we have.

We've gotten a long ways. We really have.

GEORGE: Where have we gotten?

DAVID: Remember, I'm the one that initiated
the children coming out. '

GEORGE: Um-hum.

DAVID: Remember that --

GEORGE: But --

DAVID: -- where we last, **where** we last left off --

GEORGE: But **we're** at an impasse now, right?

,DAVID: Well, **wait** a minute. Where we last left off was I was talking with John Cox.

GEORGE: Um-hum.

DAVID: And I told him and I showed him that

in Matthew 24 regarding to the coming of the Son of man

whereas of the carcass is the eagles be gathered

together. I showed him from the book where **that** is in

the prophecies.

And people are mocking me saying that we're

waiting on **the** fifth seal which **is** the souls under the

altar that were slain for the word of God and
for the
testimony *which* they held. And John Cox
kept saying,
you know, we don't want *that* to happen.
You know, we
don't want, we don't want anybody else killed.
And I said that's exactly what I want, John.
I said the prophecies are not written
in the Bible for
wicked men to fulfill them. The
prophecies are written
in the Scriptures so men can avoid
putting themselves
in **a** position to do what God says the
wicked **will** be
doing. **I** mean that's why like in Psalms
2 when I, when
I showed John Cox -- oh, boy. This one gets to
me
good. You hear that, George?

GEORGE: Yeah, I hear it.

DAVID: Rah, rah mimicking noises!.

GEORGE: **Well**, that's, that's the stuff that it - that's the stuff that we got to deal with though

is the --

DAVID: Yeah -

GEORGE: -- the real world part of the --

DAVID: when I come out, you all probably

going to put me in jail and put me in a jail that's

going to have a speaker. And you're **all** going to **still**

keep playing this stuff, aren't you?

GEORGE: You, you know **better** than **that**.

DAVID: I wonder.

GEORGE: You know better **than that**.

DAVID: I have never **really seen** the United States of America ever act like this. You **know**, we're

American citizens. We got good records. You know, the ATP saying that we fired on them. I mean I know, let's deal with it on the outside in the judicial system.

GEORGE: That's the only, that's the only system **we** can deal with, Dave.

DAVID: And until, **and** until, and until you get your hands on us, we're in prison here. And **we** got **to** be punished. Do you all do this in the federal prisons **to** the prisoners every day?

GEORGE: No.

DAVID: Rah, rah, **rah** (mimicking noises).

GEORGE: Pretty nasty.

DAVID: The other, the other night this thing **was** on and I was dreaming. And I **was** dreaming **that** I **was** sitting in church. And the preacher

was up there.
and he **was** asking for money. And *he*
had *this* big old
horn in his hand. And he said I'm going to
keep doing
this until this **plate** is filled to the top.
And he
kept going rah, **rah** (mimicking noises).
And I was
trying to rebuke him. But I, I -- no one
could hear
what I was saying.
That was a frustrating dream, George.
And I
then I **woke** up, **and** of course it was here
outside the,
the front of the building here so.
GEORGE: Well, David, you **know what**,
you **know**
what we're trying **to** just move things along
peacefully.

And that's, that's the reason for *that*.

DAVID: Well --

GEORGE: And, and you're smart enough to know that.

DAVID: I'm wondering anymore whether I'm smart or not.

GEORGE: Oh, come on.

DAVID: Sighing.! Oh, man. Well, George, when's that battery coming? ,

GEORGE: Okay, the battery, the battery has

been authorized. I don't know exactly. I'd probably

need to call back to tell you exactly how we're going

to get that in and when to get it in.

DAVID: Well, when is the lawyer going to give us a call?

GEORGE: Okay, David, would --

DAVID: Could you at least

turn this monkey
machine off while, when the
lawyer calls? Can that be
arranged?

GEORGE: Yeah, I think that, that we
can work
on. If, if I -- for instance if I, we can turn
the
noise down while we're
we're talking, would, would you get
some people out for
us? It's kind of a --

DAVID: George, where it stands right
now is
if anybody wants to leave they're more
than -- even
these two guys that came in. Steve has
been giving
them -- do you know what they did? These guys

came
here to save our souls. You know how fanatics
are,
right?

GEORGE: I'm learning.

DAVID: They, they figured that we're that
bad and everything that, that they, we needed
somebody
that really was spirit filled. And **so** they risked
their **lives** to come up here and save our souls.
And

now **they** realize that we're, we're
nothing like what
people said we were. And they're
learning **these** seals.

And **these** guys are just -- well, you should talk
--

have you talked to them **yet**?

GEORGE: **They** think they talked to
them last
night. But David the -- you know

that they're waiting
for, for you to say it's okay.

DAVID: I've told them it's okay.

GEORGE: Well, it's, it's
going to **be** more

than you **saying** it's okay. It's you telling them to
leave. That, that --

DAVID: Look. I can't do **that**.

GEORGE: -- that has to be done for their
own, for **their** own good.

DAVID: Hey, we were, we were sending them
out.

GEORGE: You've got to take **the**
responsibility and the leadership to **say** this is in
your own good. You need to go. Because that's
the
only way we're --

DAVID: Look, George, you do not understand.
My position is not what you think it is. Okay?

Look

at the gospels. Did Christ ever tell his disciples
what to do?

GEORGE: David, they turned the noise off for us so we could talk without that noise.

DAVID: Oh, yeah. I still hear it in my ears though. It's, it's programmed --

GEORGE: But do me **a favor then, okay?**

DAVID: Talk to these people, George. Let them speak --

GEORGE: No, do me **a** favor. If we talk,

let's talk about, about resolving this not, not go back over what, what we've gone over.

DAVID: Sighing.! Wait a second. Let me move my -- I'm shaking. **Wait.** Sighing.! Okay, I'm back.

GEORGE: Peel better?

DAVID: Groaning.! Man, **I** have never in my -- have you ever, have you ever, ever been

-- you
ever had -- I think *when* I was -- years ago
when I was
about maybe 13 / think I got the flu one
time. And I
remember that I used to sit in my bed and have
a
blanket around me. And I used to feel just these
waves
of I don't know, weakness or
something go up and down
my back.

GEORGE: Um-hum.

DAVID: You ever felt that way
before?

GEORGE: Um-hum.

DAVID: I mean just really like,
you know,

every time you move it kind of feels warm.

GEORGE: Well, you may have an infection or fever.

DAVID: And -- I don't think I got a fever. I don't -- it's cool in here anyway. But it's, it's, I don't know, it's half pleasant and half, half -- forgotten words here. Annoying.

GEORGE: Uncomfortable.

DAVID: You know. I think, I think George John Cox told me I, I shouldn't have jumped up too, so quick in the beginning. Because every time I did I

started bleeding again. You **know**, that's -- ever been

shot with **a** bullet before, George?

GEORGE: I got hit with a ricochet once.

DAVID: Really? Vietnam?

GEORGE: No. Talking to somebody on the phone just like this in a bank.

DAVID: Really?

GEORGE: Yeah.

DAVID: Did it go in you?

GEORGE: Just scraped the **skin**.

DAVID: Oh, yeah. I got, I got **hit** in the left wrist, and my whole thumb from my fingernail back

is like numb. And the skin, the **skin has** turned to leather. You **know**, like your elbow?

GEORGE: Um-hum. Um-hum.

DAVID: You know how, how dead **it** is, you know, your elbow, and dry? **It's** just, I don't know, I

think maybe **a nerve or** something **or was** severed and

it's **like no** circulation is going through **that**.

GEORGE: That's not good.

DAVID: It's, it's not. You **know**, I can move my thumb. It's just **the** top section of it down towards

the little knuckle back **to** where it connects to **the**

wrist **is** just as, is just as, feels like it's not **a**

part of me. But the, but the actual wound it's, *it*
developed a scab about I don't know,
3/8 of an inch
high. And I've been keeping that clean and all that.
It doesn't, *it* doesn't look too bad.

GEORGE: Well, it may, it may be important to
get **a** doctor **to** look at that soon **so** you don't
have any
permanent kind of damage there.

DAVID: When is Passover coming up? What --
Steve, when *is* Passover coming up? Steve's
voice *in*
background not discernible.! You **ever** kept the
Passover, George? You **ever** heard of it?

George: Yes. **April 6.**

DAVID: April 6. ***Let's see.*** When was
new
moon (indiscernible). Fifteenth day of
the
(indiscernible). Yeah. Is my ***star*** still
coming,
George?

GEORGE: Your star?

DAVID: Yeah. I was, I was telling the negotiators that I was waiting for my star. I told them in the beginning.

GEORGE: They're telling me yes. I'm, I'm not -- I don't -- oh, okay. Telling me **it's a** comet.

DAVID: It's not *a* comet. Actually what **it is is** it's actually angels. But the, the (indiscernible) the nebulas -- well, there's a, that guitar. The prophets talk about Messiah and stringed instruments, you know. That's one of the things you should ask **the** scholars about all they can tell you about the stringed instruments

of Messiah. And because
like I say if I go into it, I know you'll **tell**
me

you're --

GEORGE: **Cut** you off.

DAVID: -- not interested. **Yeah.**

GEORGE: It's not, it's not that I'm not
interested. It's not, it's not doing
anything to
resolve anything.

DAVID: Well, **really** -- look, if, if I'm, if
I'm **right** what I --

GEORGE: But that's, but that's really got
nothing to do with, with what our situation is.
The --

DAVID: Well, I --

GEORGE:

go on -- '

DAVID: Well, wait *a* minute. If I'm right,
this is what's going to happen. Okay?
Listen, George.

If I'm right, then my Father and the
chelebum phonetic
sp.! and the meklavas phonetic sp.! going
to all of a
sudden -- there's going to be a big storm. I
mean a
storm is going to develop out of nowhere. All
the
prophets talk about it. Read *in* Jonah, Zephaniah,
Hosea, Obadiah, Malachi, Habakkuk. Read them.
And all
those who have blasphemed without having
compassion,
and all those *in* this nation who've made statements
contrary to me although not even knowing me or
what I
teach are going to, are going to be *in* bad
trouble.

GEORGE: Well, the **people** are responsible for
what they say regardless.

DAVID: And this nation is going to be
overthrown so that all **other** nations in the world can
realize **that** capitalization that revolves around
Christmas, Easter, Halloween, these are **all**

pagan
festivities, you know. And we really don't
appreciate
you playing Christmas carols to us. But you
know,
we'll take anything that you want to dish
out. Because
it's just going to come *right* back on you if
I'm right.
Now if I'm wrong, you know, I'm **in** your, I'm
in your hands of mercy. Because when I
come out, you
know, I got to take what I got to take. But if
I'm
right, everything you're doing to me is going
to be
done to you sevenfold over.
And you know, I love you guys. You know, I
want to **talk about** these seals, because
nobody can know
where I'm coming from unless they hear me
out.

GEORGE: You can do that.

DAVID: I'd, I'd love to talk to these scholars. And maybe they *might* me, maybe they might turn to you guys and say hey, you better listen to *this* guy. He, he just might be that *thief* in the *night* that the New Testament *talks* about.

You know. There's something about Christ that nobody knows until there's time no longer. Oh, boy. Ask the doctors why **a** person shakes when he's not cold.

GEORGE: Okay.

DAVID: I mean that's something I'd like when, I'd like to -

GEORGE: You, you want to shoot some video of *that* just so they get an idea of what you're -

-

DAVID: Yeah, I *will*.

GEORGE: -- skin color and things like that.

DAVID: Yeah, we'll, we'll let them. Yeah, we'll do that. Because **like** I say I, you know, I don't -I know I'm not going to --

GEORGE: Get --

DAVID: -- I know I'm not going to die. But I don't, I don't --

GEORGE: Get your, get your finger up as, as

clear so they can take a look **at** it and, and the wounds.

DAVID: Yeah, I '11 let them tape. I mean I

healed up real fast. I mean you know.

' GEORGE: Well -

DAVID: The nur ses that were here -- of

course, you know you got one of the

nurses there with
you. And you know, my blood
pressure was really low.

Then it **went** up normal.

GEORGE: How, **h**
with wounds? Are they --

DAVID: How's,
ow about other people in there
how's Scott doing?

GEORGE: -- having problems?

DAVID: Steve?

days have **I** been in here
Where has he been? How many
anyway now?

STEVE: I don't know. It's been **quite** a
while.

DAVID: I mean what is today anyway?

(Steve's voice **in** background not
discernible.)

Tuesday? Was the last I talked to John?

And it's

Sunday?

GEORGE: Um-hum. It was Wednesday.

DAVID: It was Wednesday? Oh, boy. Yeah.

GEORGE: David, you know the problem is that

things just stop when you don't come to the phone. We

can't get anything resolved. You got to, you got to

hang in there and keep talking. It's the only way this

thing **is** going to work.

DAVID: Well, I -- every time I talk all I do is talk about my work, my seals.

GEORGE: Well, you talk a little bit about maybe, maybe people coming out. And that's what we got

to shift the conversation from.

DAVID: Well, I mean they

just, they just

told me that, that -- what,

what did they **knock** out,

Steve? Steve's voice in background not discernible.!

Yeah.

STEVE: They turned the boat over. They --

GEORGE: Yeah.

DAVID: Which boat did they turn over?

GEORGE: Yeah, we've been told that.

Steve's voice in background not discernible.!

DAVID: Huh? Oh, boy. Oh, another thing is that, that bulldozer --

STEVE: I told them.

DAVID: -- that they -

Okay. Steve's voice in background not discernible.!

That's a rented one --

GEORGE: Laughing.!

DAVID: That's -- that thing is eighty some thousand dollars. It's brand spanking new.

And those

guys are probably jumping up and down to, to -- I mean

that's, that's not ours.

GEORGE: Okay.

DAVID: You **know**, it was for **a** month. But it's not **no more**.

GEORGE: Okay. I understand.

DAVID: I might need to send them another payment. But anyway. So what's this -- Steve, take **a** note would you for me, please?

STEVE: Yeah.

DAVID: What's this lawyer's name now, George?

GEORGE: DeGuerin.

STEVE: DeGuerin.

DAVID: DeGuerin. Who, who --

GEORGE: Steve, Steve knows him I think. I **think** they --

DAVID: Who is he? You heard of him before, Steve? Steve's voice in background not discernible.!

Oh, but have you ever like, have you

ever heard of him?
Is he like -- Steve's voice in
background not
discernible.! They say he's famous.
They say I'm
famous too now. I don't feel famous.
What's this,
what's_this story about me being
infamous? I'm not
infamous.

GEORGE: what's the story?

DAVID: I'm a country boy out here
trying
to --

GEORGE: I'm not -- we're not into
the story
part of this. We're just trying to get a
job done.
We're just trying to get you out safely.

DAVID: One of the, one of the agents
want to

talk to -- who's Rick?

(Steve's voice in
background not
discernible.)! Is Rick
there? George?

GEORGE: I don't -- Rick.

DAVID: Rick, Rick who's the --

STEVE: He's an agent. He's a negotiator who
was on the phone with me last night.

DAVID: Last night.

STEVE: Yeah.

GEORGE: They got a different group on, on
here at night. You talking about, about Bob Ricks or,
or Rick was a guy on the phone?

DAVID: Bob Ricks?

STEVE: NO.

DAVID: I've heard of Bob Ricks.
I can't

remember -- Steve's voice in

background not

discernible.! Austin. Rick from Austin.

GEORGE: Okay. I think he was on last night.

DAVID: Whatever, whatever happened to old

Jim? I liked old Jim. ATP -- the first one that ever talked with us. I

UNIDENTIFIED MALE SPEAKER: He's hack.

GEORGE: Jim, Jim I understand is back. He, he was out of town for a while and he's back.

DAVID: How is he doing?

GEORGE: Far as I know he's doing okay.

They've, they've moved some people out and some people

back in, and it's hard to keep track of people.

DAVID: You tell John Cox I don't care how .

hard he is. I still **like** the guy.

GEORGE: He'll be back tonight.

DAVID: **Tell** him, **tell** him he needs to break away from eating those crawdad heads.

GEORGE: Well, why don't you call **him** tonight? You can talk to **him**. He'll be here tonight.

DAVID: Oh.

GEORGE: Keep him up.

DAVID: I think he's **kind** of mad at me.

He -- you know, they were playing all this weird stuff.

And so one ***night*** I got on the phone with my guitar and

kind of wacked out a few notes towards him. And he don't like to take *in* what he likes to dish out.

GEORGE: Um-hum.

DAVID: I look at all those guys and their families and, you know, I've always, I've always,

always tried to make friends out of everybody I've ever

known. There's not a person here *in* Waco that doesn't

like me. 'I've never pushed religion *on* anybody. You

know. some, some people, some people have like *known* me

a couple, three years and -- oh, baby, thank you. Boy

is he looking good. Huh? Judy's voice *in*
background
not discernible.! Oh, that's a liberty coin.
Want to
say hello to George? Say hello.

George: Hello.

MAYANAH: Hi.

GEORGE: Hello.

DAVID: Hi, George.

MAYANAH: Hi, George.

GEORGE: Hi, how are you?

DAVID: Hello.

MAYANAH: Hello.

GEORGE: What's your name?

DAVID: Oh, boy. I got to tell you.

GEORGE: Who was that, David?

DAVID: This is little Mayanah. Little --
you'll see her.

JUDY: David, have you seen my hand? Here,
here, here.

DAVID: That's where the bullets went
through?

JUDY: Yeah, and I didn't even feel it.

DAVID: Oh --

JUDY: I wasn't wearing a indiscernible!.

Bullets went through the skin.

DAVID: Yeah. Yeah, they said they didn't have no machine guns. Goodness. These walls. There's

let me count, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12,

13, 14, 15, 16. Let's see 16, 16 rounds in a group of

about a foot and a half right on this *wall* here.

A VGEORGE: Well, I don't *know*, I don't know

what to tell you about that. / think --

I'm not sure

it's helpful to keep, to keep talking about things

thaé, that have gone on. I

think we need to try to

work --

DAVID: George, let me ask you an honest question man to man. It's on tape.

GEORGE: **Okay.**

DAVID: We -- me stepping out --

GEORGE: Okay.

DAVID: -- on the front door **with**

my right

hand out, my left hand holding the door open, my one

foot down on the porch. It's on tape.

GEORGE: What's, what's your question, David?

DAVID: Well, no, it's **a** statement. You

know, the thing of it **is** is that you know, why would I

be coming out for if I'm, if I'm going to, if I'm supposed to be blowing these guys up?

GEORGE: I don't, I don't know. I, I --

DAVID: Now, in, **in** the let, let me

explain now. This is not religious. This **is** civil.

GEORGE: Okay. Okay.

DAVID: When on the left those ATF agents were coming around to the left side of the gates, and

they were coming around to the right of me there

because of the front gate, the **truck** was right there,

and the two cameramen were straight across the,

straight across, perfect view with the door there over

in their cars over there. Why do you think that all of

a sudden I fell back inside

the door for? I mean you

know, that gun went pow, and that door in my left hand

kicked. And **I can, I can show you the bullet**

hole

coming in, **9** millimeter.

Now the ATP said **that** it went off by accident. But of course, whether accident or not, when it went off, then everybody else started firing too.

GEORGE: Um-hum.

DAVID: From the ATP agents.

GEORGE: Um-hum.

DAVID: They started firing **too**.

GEORGE: But David, it's really --

DAVID: And Perry was standing right there not -- the doors are metal. Perry was standing there

next to the window, and he got hit twice.

Now he died.

You **know**. Now I don't care what you **call law** or what

you **call** federal. It was unnecessary.

You **know**. You may have gotten reports that

we had machine guns. You may have gotten reports that

we had bombs or we had missiles. But I'm

talking **to**

you man to man. And listen to me.

GEORGE: I'm listening.

DAVID: Every day I jog at the front of
this

gate down the road either **to** the two
water tanks on **a**

cold day or all the way **down to the**
end of the road on

the dirt road on **a** warmer **day**. Robert
Gonzales, all

along we knew they were

agents. **Any day *all*** they had

to **do is** get on the telephone, and by
the time I made

it to the end of the, to the road down
there, any day

you **boys** could have picked me up

anytime. When I went out **here** in my car to Wal-Mart. You **know. Any** day.

GEORGE: But David.

DAVID: But no, David.

GEORGE: **Okay.**

DAVID: But instead.

GEORGE: No. But David, **what** do we do about it now though?

DAVID: Well, what we do about it now is I

wait on God. I pray. Because you boys are murderers.

You boys are killers. My country has dealt **with** me and

people I love in a way that's not right.

GEORGE: So what do we do about **it**?

DAVID: Well, what you've done about **it** is you've disrespected sic! my personage -- 3

GEORGE: Well --

DAVID: -- civilly, and you've disrespected

my religion.

GEORGE: Well, David, what I'm doing
about **it**

is --

DAVID: And you've, and you've come and
you've said come out. And you've said now.

And you've

torn up my boat, my motorcycle, the
children's

motercycles, the --

End of Tape #181!
