

para tan lín

he is drawing a straight line he is following it a straight line he is behind it although he draws a straight line he follows it he draws a straight line he follows it he draws a straight line he is behind it although he draws a straight line he follows it he draws a straight line and he follows he draws a straight line behind his back although he draws a straight line he says he draws a straight line and he follows he draws a straight line behind his back although he draws a straight line he says he draws a straight line he tells he draws a line behind their back though he draws a straight line he says draw a straight line he tells him to draw a straight line behind their back although he draws a straight line he says he is to draw a straight line he says behind his back he draws a line though he draws a straight line he says draw a straight line he tells him to draw a straight line behind his back though he draws a straight line he says he draws a straight line he says behind him he draws a line though he draws a straight line he says drawing a straight line he tells him to draw a straight line behind his back but he draws a

straight line he says he draws a straight line he says
behind him he draws a line but he draws a straight line
he says draw a straight line he says he draws a line
behind his back but he is drawing a straight line he says
he draws the line and follows they draw straight lines
behind his back although it draws straight lines it says
draws a straight line and following they draw straight
lines behind his back although it draws straight lines he
draws straight lines he says they draw upon their roads
although it draws straight lines he says draw a straight
line he says drawing a straight line behind his back
although draws straight lines he says draw a straight line
he says after his return he pulls off although it draws
straight lines he says draw a straight line he says drawing
a straight line behind his back but draws straight lines
he says they draw straight lines you say follow with a line
but it draws straight lines he says draw a straight line he
says drawing a straight line behind his back but draws
straight lines he says they draw straight lines you say
followed with a line but it draws straight lines he says

draw a straight line they say they pull the line behind his back but draw straight lines he says they draw straight lines you say following a line but it draws straight lines he says draw a straight line he says pulling off after his return but draws straight lines he says he draws the line and follows it they draw a line behind their back while drawing a line draw a straight line and follow it they draw a line behind their back although drawing a straight line he draws a line they learn from their path although it draws a straight line he says he says drawing a straight line draw a straight line behind while drawing a straight line he says draw a straight line he says on his return he was pulled out though it drew a line he said draw a straight line he said drawing a straight line behind his back but to draw a line he said draw a straight line you say with a line but it draws a straight line he said draw a straight line he said drawing a straight line behind his back but to draw a line he said draw a straight line you say with a line but it draws a straight line he said draw a straight line they said they were back behind the line but

to draw a line he said draw a straight line you say with a
line but it draws a straight line he said draw a straight
line he said he pulled back but to draw a line he said he
pulled the line and follow they draw a line at your back
although the drawing draw a straight line and follow they
draw a line at your back although drawing a straight line
he drew they learn on the road although it draws the line
he said she said drawing a straight line draw a straight
line behind while drawing a straight he said draw a straight
line he said after returning he pulled out though it drew
the line he said draw a straight line he said drawing a
straight line behind the back but to draw a line he said
draw a straight line you say with line but it draws the line
he said draw a straight line he said drawing a straight
line behind the back but to draw a line he said draw a
straight line you say with line but it draws the line he said
draw a straight line they said back behind the line but to
draw a line he said draw a straight line you say with line
but it draws the line he said draw a straight line he said
he pulled back but to draw a line he said he pulled the

line and follow they draw a line in your back although drawing drawing a straight line and follow they draw a line in your back although drawing a straight line he drew they learn on the road draw the line he said she said drawing a straight line draw a straight line back while drawing directly he said drawing a straight line they are coming they pulled out after the draw this line he said drawing a straight line he said drawing a direct line back but draw a line he said drawing a straight line line with what you say but draw the line he said drawing a straight line he said drawing a direct line back but draw a line he said drawing a straight line line with what you say but draw the line he said drawing a straight line back behind the line but draw a line he said drawing a straight line line with what you say but draw the line he said drawing a straight line he said he pulled back but draw a line he said he left the line and follow they draw a line on your back although painting and drawing a straight line to follow they draw a line on your back while drawing straight lines he was attracted they win on the road draw a line

he said she said drawing straight lines draw straight lines
despite drawing directly he said drawing a straight line
they are coming then pulled to draw the line he said
drawing a straight line he said drawing a direct line but
to draw a line he said drawing a straight line consistent
with what you say but i draw the line he said drawing a
straight line he said drawing a direct line but to draw a
line he said drawing a straight line consistent with what
you say but i draw the line he said drawing a straight line
behind the back line but to draw a line he said drawing
a straight line consistent with what you say but i draw
the line he said drawing a straight line he said he pulled
back but i draw the line he said he draws straight lines
and it was followed he is right to draw a line behind his
back although he draws straight lines he said he draws
straight lines and it was followed he is right to draw a
line behind his back although he draws straight lines he
said he draws straight lines he said he drew a line behind
their back although it draws a straight line he said draw
a straight line he told her to draw straight lines back to

back despite the fact that it draws a straight line he said
to draw a straight line he said behind her back he drew
the line though it draws a straight line he said draw a
straight line he told her to draw straight lines back to
back but it draws a straight line he said he has to draw
a straight line he said behind him he drew the line however
draws a straight line he said draw a straight line he told
her to draw straight lines behind his back but he draws
a straight line he said he has to draw a straight line he
said behind him he drew the line but it draws a straight
line he said draw a straight line he said he drew the line
behind his back but he draws a straight line he said he
has to draw a straight line he said behind him he drew
the line but it draws a straight line he said draw a straight
line he said he drew the line behind his back but he
draws a straight line he said he drew the line and follow
the straight line behind their back although the draw
straight lines draw a straight line and follow the straight
line behind their back although the draw straight lines he
has to draw straight lines said they have their ways

although it draws a straight line he said draw a straight line he said to draw a straight line across it to draw a straight line he said draw a straight line he said his hand he pulled off however to draw a straight line he said draw a straight line he said draw a straight line behind his back but to draw a straight line he said draw a straight line you said that line but it draws a straight line he said draw a straight line he said draw a straight line behind his back but to draw a straight line he said draw a straight line you said that line but it draws a straight line he said draw a straight line they said they were behind the back line but to draw a straight line he said draw a straight line you said that line but it draws a straight line he said draw a straight line he said he pulled off his back but to draw a straight line he said he drew the line and follow they were behind the line draw a line draw a straight line and follow they were behind the line while drawing straight lines he drew the line they know their way although it draws a straight line he said she said to draw a straight line draw a straight line across to draw straight lines

though he said draw a straight line he said his hand he pulled out drew the line he said draw a straight line he said draw a straight line behind his back but i draw the line he said draw a straight line did you say a line but it draws a straight line he said draw a straight line he said draw a straight line behind his back but i draw the line he said draw a straight line did you say a line but it draws a straight line he said draw a straight line they said their back line but to draw a line he said draw a straight line did you say a line but it draws a straight line he said draw a straight line he said he pulled back but i draw the line he said his line and follow they draw a line on your back although the diagram draw a straight line and follow they draw a line on your back while drawing straight lines he drew the way they learn despite the fact that his line he said she said to draw a straight line draw a straight line backward draw a straight line he said draw a straight line he said after returning home he was out of line to draw he said draw a straight line he said draw a straight line behind his back but i draw the line he said draw a

straight line you said the line but drawing the line he said draw a straight line he said draw a straight line behind his back but i draw the line he said draw a straight line you said the line but drawing the line he said draw a straight line they say behind the back line but to draw a line he said draw a straight line you said the line but drawing the line he said draw a straight line he said he pulled back but i draw the line he said his line and follow they draw a line on your back although his work to draw a straight line and follow they draw a line on your back while drawing straight lines he drew the way they learn draw a line he said she said to draw a straight line draw a straight line drawn straight he said to draw a straight line they came they pulled out came in he said draw a straight line he said draw a straight line but to draw a line he said to draw straight lines line you say but i draw the line he said draw a straight line he said to draw a straight line he said to draw a straight line but to draw a line he said to draw straight lines line you say but i draw the line he said drawing a straight line behind the back line but to draw a line he said to draw

straight lines line you say but i draw the line he said draw
a straight line he said he pulled back but i draw the line
he said he left the line and follow they draw a line on
your back while painting draw straight lines they draw a
line on your back you can draw straight lines he attracted
them to win on the road draw a line he said she said to
draw a straight line draw a straight line despite the fact
that direct draw he said draw a straight line here they
come and then pull to draw the line he said draw a straight
line he said to draw a straight line but draw a line he said
to draw straight lines consistent with what you say but i
draw the line he said draw a straight line he said to draw
a straight line but to draw a line he said draw a straight
line consistent with what you say but i draw the line he
said draw a straight line behind the back line but to draw
a line he said draw a straight line consistent with what
you say but i draw the line he said draw a straight line he
said he pulled back i draw the line he said
