**I've reached a
point in my life
where it's no longer
necessary to try to
impress. If they like
me the way I am,
that's good. If they
don't, that's too bad.**

**The heart burns With desire
When I Hear The song and Sing Along .
The tears Are dry the blue Sky
Save me From The dark days the Big big
haze parted Ways Never said goodbye**

**whoever this was dedicated to
and made for the female
should feel lucky they realize!**

**My daring grandson Jett I'm sorry
I can't do the ice bucket challenge yet.
Once my back and neck are feeling better
from the accident I'll do it and pay
the money to the charity. Thanks for thinking
of me buddy. Love ya**

**I can suffer whatever is happening for I know God
will break every chain that is binding me tight
in the darkness and try to fill me with fear,
for there is no night without darkness and I know
that morning is near. THIS TO SHALL PASS**

*You are blessed
beyond words
can express...*

Quote from CCF-Pasig January 27, 2013

**o you dont believe you have a soul
then if you do then answer me this
where does your soul go even if i didnt
believe in God i believe that I have a soul
that there is something more to me
than just flesh and bones i have always
believes in spirits even before i found Jesus
i was never a non believer but i practiced
witch craft there are things out there beyond
what you can see with your natural eyes
explain to me how i was able to know
one future know when they were going to die
just by looking at them... the things that i have seen
before and now are the reason i believe
and have hope that this world we live in
now will one day be changed that
after i am dead an gone i will live on
with a glorified body and there will be
no more pain and no more tears...
that is the hope i hang on to...
but getting back to the other stuff explain
to me how every day i would walk around
knowing what was going to happen there
were things that rarely surprised me.
almost every dream would come true so explain
to me how these things could be possible
if there were not other things out there we cant see
if there werent spirits at work....?**

**Life is what you make of it, If you've never seen the movie
The Christmas Shoes, I recommend it, I loved it,
it's beautiful, sad, and there's a truth to it**

But seriously, fuck this mongoloid pop country bullshit. It's all the same. Trucks(or in this case, a car), blue jeans, blue eyes, beer, god, patriotism. I can't remember the last time I heard an original country song, if you can call the shit they make nowadays country. I personally see no difference between this pop country shit and Katy Perry pop bullshit, and even rap music for that matter. It's all the same, and it's all made for idiots by idiots. If you like this shit, congratulations on having horrible taste in music, or none at all. You probably just listen to it because every other idiot you hang out with does, and you are too dense to search out and find actual music.

IT'S NOT HAPPY HOLIDAYS

**IT'S
MERRY
CHRISTMAS**
